IN MOTION

de Circles in Motion – harmonisch und elegant umfasst diese Designserie das Thema Kreise, zwischen freiem Spiel und klarer Ordnung. Im spannungsreichen Dialog zwischen Gradlinigkeit und Auflockerung in der Architektur des Raumes.

Kreise setzen Akzente, schaffen Strukturen und bestimmen die Raumordnung. Mit dem Fokus auf Farben, Formen und Facetten. Zwischen Motion und Emotion – Inspiration und Faszination.

en Circles in Motion – by bringing harmony and elegance to the circle motif, this designer range combines playful creativity and a clearly structured system. In an exciting interchange between formal lines and the relaxation of the room's interior design.

Circles make statements. They can create structures and define the feel of space by focusing on colours, contours and character. Resulting in motion, emotion, inspiration and fascination.

fr Circles in Motion – placée sous le signe de l'harmonie et de l'élégance, cette collection design décline la thématique du cercle, entre libre jeu et précision géométrique. Un dialogue passionnant entre rectitude et souplesse naît dans l'architecture de la pièce.

Les cercles donnent le ton, structurent et façonnent l'espace. Tout en faisant la part belle aux couleurs, aux formes et aux facettes. Entre mouvement et émotion – inspiration et fascination.
